

## Phoenix Lake CEQA Update

- Phoenix Lake Project is currently in feasibility phase
  - Current work involves reducing project cost
- Staff recommends Phoenix Lake environmental review as a tiered document under the PEIR
- Phoenix will be addressed conceptually through the PEIR and work will occur in tandem with the PEIR

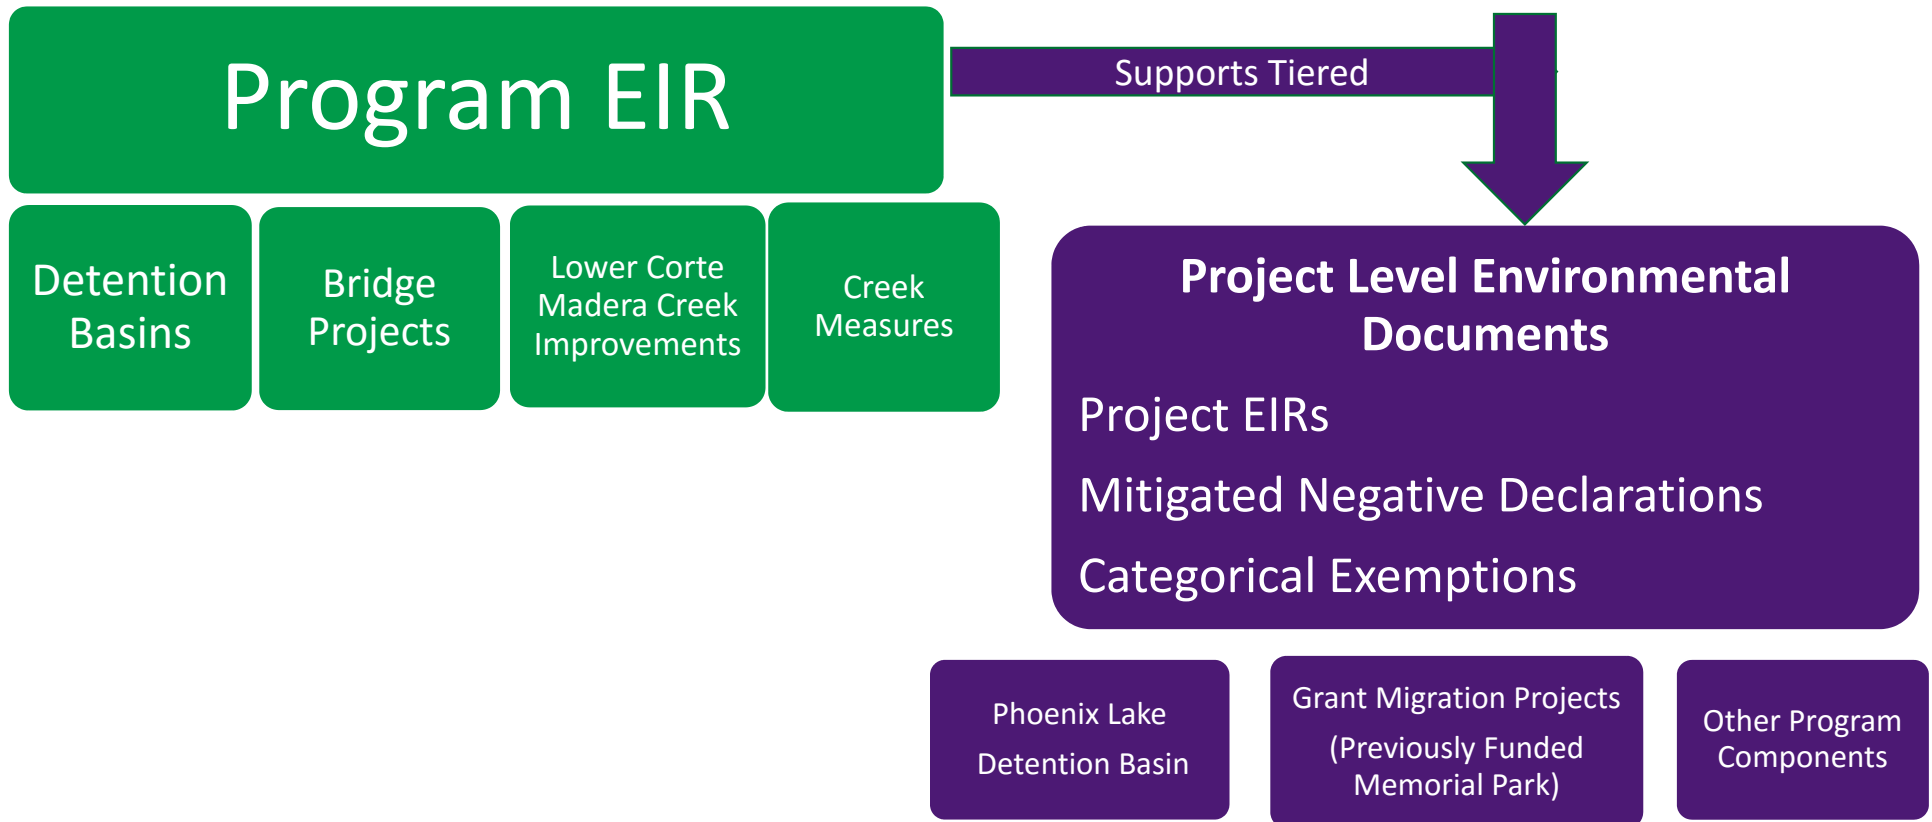

# Ross Valley Watershed PEIR Update

- Updated programmatic EIR schedule
- Tiered Environmental documents for Grant Migration and Phoenix

Previously Recommended Hybrid Program/Project  
EIR

# Now Recommended: Program EIR – Tiered Project Level Environmental Documentation
